Claim Form: Local Moves

At the Parker Relocation Group we strive to maintain the highest quality services. Our movers work hard to get your valued possessions moved safely across town or across the country. Ocassionally, however, despite all efforts and precautions, small damages may occur. It is important to remember that all claims must be submitted in writing within 15 days of your local move. A phone call will not be sufficient to process your claim! If you have a damage claim the best way to begin the claims process is to submit your claim to our claims department by emailing sales@minute-men.com. Please include your name, the date of your move, a description of the item and the damage that occurred, the value of the item, and what you are asking for as compensation. If you have photographs of the damage please send those along with your claim. If you have questions about the claims process or insurance for your move please feel free to call our office and we will be happy to assist you.
